Primary Years Programme

AJMERA GLOBAL SCHOOL

CAMBRIDGE International Education
Cambridge International School

AGS SPECTRUM

Issue No. 2, November 2026

ANOTHER FEAT TO CHERISH, ANOTHER REASON TO CELEBRATE!

Ajmera Global School is immensely thrilled and proud to share that our esteemed HOS Ma'am, **Dr. Hima Doshi, has been honoured with the prestigious 'Deepest Appreciation' Award,** presented by **Star Awards,** in the category of *Best International School – Mumbai, Borivali.*

This distinguished recognition celebrates her visionary leadership, resolute dedication to educational excellence, and steadfast commitment to nurturing young minds. This honour marks yet another significant milestone in the school's journey of excellence and its endeavour to create enriching learning experiences that empower every student to flourish.

The entire AGS family takes immense pride in this remarkable achievement and extends its heartfelt congratulations to Dr. Hima Doshi on this well-deserved recognition!

A MOMENTOUS MILESTONE FOR AGS!

Ajmera Global School is overjoyed to announce that we have secured **5th position in Mumbai and 5th position in Maharashtra among the Top 20 International Schools** at the prestigious **Maharashtra Merit Awards,** presented by *Education Today*!

This outstanding accomplishment fills our hearts with immense happiness and gratitude. It reflects the passion that drives us, the dedication that strengthens us, and the shared aspirations that propel our school community forward. **Every student's achievement, every teacher's effort, and every parent's trust have contributed to this proud moment.**

Here's to the AGS spirit that continues to shine, inspire, and soar to new horizons!

Pan-India IB PYP Meet

The Pan India IB PYP Meet held on 8th August 2026 at Don Bosco International School, Matunga, brought together educators from across the country for meaningful professional learning, reflection, and collaboration. Representing Ajmera Global School were Ms. Pushpalata Ajit, PYP Principal and Coordinator, Ms. Sheetal Konvilkar, Assistant PYP Coordinator, and Ms. Komal Apte, Math Head. The meet provided valuable insights into inquiry-based learning, collaboration, learner agency, assessment, and innovative teaching practices. Through engaging keynote and breakout sessions, participants exchanged ideas, shared effective practices, and strengthened professional connections with fellow IB educators. The experience was both inspiring and enriching, reinforcing a shared commitment to creating impactful learning experiences for learners.

Letters of Gratitude to Our Soldiers

From PYP 3 to IGCSE, our learners came together on 10th August 2026 to express heartfelt gratitude to the brave soldiers who protect our nation. Through their thoughtfully written letters, they shared messages of appreciation, respect, and encouragement, recognising the courage and sacrifices of our armed forces. This meaningful initiative nurtured patriotism, empathy, and a deep sense of gratitude.

Dear Aarya Karpe
Grade 8
Ajmera Global School, Mumbai (Maharashtra)

Jai Hind!

1. We received your heartfelt letter with great pride and happiness. Thank you so much for your beautiful words, love and respect towards the Indian Army. Your letter truly touched our hearts and reminded us of the strong bond between our soldiers and the citizens of our great nation.

2. It is very encouraging to know that young students like you understand and appreciate the sacrifices made by our soldiers. Serving the nation is not only our duty but also a matter of great honour and pride. Your kind words give us additional strength and motivation to perform our duties with dedication, courage and commitment.
You rightly mentioned that soldiers often stay away from their families while performing their duties.

3. Although being away from our loved ones is difficult, the love and support of the people of India make every hardship worthwhile. Knowing that children like you are proud of their soldiers fills us with immense happiness.

4. We are also very happy to see the patriotic spirit reflected in your letter.
Aarya, always remember that the future of India lies in the hands of young and responsible citizens like you. Study well, stay disciplined, respect your parents and teachers, help others and always remain proud of our country. You don't have to wear a uniform to serve the nation—being a good and responsible citizen is itself a great service to India.

5. Your words, "Saare Jahan Se Achha, Hindustan Hamara," beautifully express the spirit of our nation. We are proud to have young citizens like you who value freedom and understand the sacrifices behind it.

Thank you once again for your thoughtful letter and Independence Day wishes. Keep smiling, keep learning and keep the spirit of patriotism alive in your heart.

Jai Hind! IN

With best wishes,
Hav SK Saini, Indian Army
Ladakh

Please convey my heartfelt wishes to Aarya Karpe. May she always keep smiling and achieve great heights in life.

Thank you so much for your beautiful and heart-full- letter. Reading your words truly touched me. Knowing that a student- like you understands and appreciates the sacrifices made by our Soldiers means more than i can express.

You mentioned that you feel Safe because we are standing guard. Please remember that- Serving our country is not just a duty - it is a privilege and an honour. Your kind words gives us even more Strength and motivation to continue doing our duty with courage and dedication.

You Spoke about our families, Sacrifices, discipline and bravery. But behind every Soldier is a family that makes sacrifices too. Your understanding of this at such a young age is something to be proud of.

Keep studying well, stay kind, disciplined and Courageous. You are the future of our country, and one day it will be your generation that carries India forward.

Thank you for making a Soldier feel remembered and appreciated. May you always remain happy, healthy and fearless.

With Warm regards and blessings,
A Soldier
Indian army.
Jai Hind!

Skill Development Program - Session 6

Building on their earlier learning, Grade 8 students from the Cambridge and ICSE sections continued developing their sewing skills through Session 6 of the Skill Development Programme. Revisiting running stitch and tacking once again on 10th August, students refined their technique, improved precision and coordination, and explored new aspects of the craft. The continued practice encouraged patience, confidence, and mastery through hands-on learning.

Career Counselling Session - Liberal Arts

In today's rapidly evolving world, informed career choices require awareness, exploration, and the right guidance at the right time. Grade 10 learners from the Cambridge and ICSE sections participated in an insightful career counselling session by FLAME University on 10th August, exploring diverse academic and career pathways. The session encouraged learners to reflect on their strengths, interests, and aspirations. At Ajmera Global School, we believe timely guidance empowers learners with the confidence and clarity to make informed choices and shape their futures with purpose.

STEPS (Sustainable Thinkers Empowering Positive Solutions) in Action

At Ajmera Global School, we believe that meaningful change begins with small, thoughtful actions. Guided by our motto, **"Small Steps, Big Impact,"** the Sustainability Squad is working towards building a more responsible and environmentally conscious school community.

One of our ongoing initiatives focuses on **plastic waste collection across the school.** We are working towards collecting plastic waste from every department, encouraging everyone to take responsibility for the waste they generate. By making plastic waste collection a shared effort, we hope to create greater awareness about responsible waste management and the importance of reducing our environmental footprint.

Alongside this, our **water collection initiative** continues, with students donating unused drinking water at the end of the day. The collected water is monitored and reused to water school plants, reminding us that every drop counts.

As we continue our journey, we invite every member of the AGS community to join us in making conscious choices and turning everyday actions into meaningful change.

Together, let us take STEPS towards a greener tomorrow!

*****When Every Drop Counts, Every Action Matters."**

https://www.facebook.com/mumbai.alert/videos/maharashtra-is-set-to-implement-a-minimum-10-water-cut-from-october-16-the-state/1108466738317903/

A message from the Sustainability Squad

SAVE WATER. SECURE TOMORROW.

Water is precious, and every drop matters. Let us be mindful of how we use it today so that we can protect this essential resource for tomorrow.

Small Steps, Big Impact!

- STEPS | Sustainability Squad, Ajmera Global School

Guest Speaker Session on Human Growth Stages

Our Nursery and K2 students had a wonderful experience learning about the stages of life during a special Guest Speaker Session with Diya and Pratham on 11th August 2026.

Through fun conversations and engaging activities, they understood how we grow and change, from babies to children, adults, and grandparents.

A heartfelt thank you to Diya and Pratham, along with their grandmothers, for sharing their time and experiences to make the learning experience enjoyable.

Field trip to Reliance Jio Mart for PYP 1

As part of their Unit of Inquiry on 'Public Spaces', our PYP 1 learners visited Reliance Jio Mart, Shimpoli, on 12th August 2026.

The visit gave students a first-hand experience of how a retail public space functions. They explored the store layout, observed how products are organized, and noticed how staff and customers interact within the space.

This experiential learning helped them connect classroom concepts to real-life experiences, making their understanding of public spaces more meaningful, practical, and memorable.

Career Counselling Session on Aerospace and Aeronautical Engineering for IGCSE

On 12th August, IGCSE students participated in a fascinating session that took learning beyond the ground and into the skies. The session introduced them to exciting career opportunities in Aerospace Engineering, Aeronautical Engineering, and Aircraft Maintenance Engineering. From understanding the world of aviation to exploring the science of aerospace, students gained valuable insights into the qualifications, skills, and requirements needed to pursue these career paths and turn their aspirations of reaching new heights into reality.

Special Assembly on Patriotism EYP-PYP 2

The spirit of patriotism came alive as the young learners from EYP to PYP 2 came together to celebrate Independence Day on August 14th, 2026. Through simple and interactive activities, students explored the importance of loving and respecting their country, while beginning to understand what it means to be a responsible citizen. The assembly made learning about patriotism both enjoyable and meaningful, showing how the values that unite us as a nation can be nurtured from an early age.

EYP - Independence Day Activity

On 14th August, EYP learners commemorated Independence Day by creating vibrant tricolour bands to adorn their wrists. As they proudly tied their handmade creations, the classrooms echoed with cheerful chants celebrating their love for India. Through this joyful blend of creativity, collaboration, and patriotic spirit, the little learners took their first steps towards understanding the significance of the nation's freedom, fostering a sense of pride, unity, and belonging.

Independence Day Celebration

India's 80th Independence Day was celebrated with great zeal and patriotic fervour on 15th August 2026. Through inspiring speeches and energetic dance performances, our students paid tribute to the nation's rich heritage and celebrated the values of freedom, unity, valour, and responsibility. The celebration served as a powerful reminder that patriotism goes beyond loving our country; it lies in being responsible, compassionate, and conscientious citizens who uphold the ideals of our nation and contribute meaningfully to the well-being of those around us.

Spell Bee Quiz PYP 1- PYP5

The bright minds of our learners from PYP 1 to PYP 5 tested their vocabulary by taking part in an engaging Spell Bee Quiz on the 17th of August. Every round had a simple yet intriguing twist that led to bursts of excitement and sparked a spirit of friendly competition. By nurturing their confidence and quick-thinking skills, the students participated in their respective houses, learning the importance of teamwork along the way.

Special Assembly on Raksha Bandhan for EYP-PYP 2

Raksha Bandhan is a golden thread that weaves together the love, care, and protection shared between siblings. On the 21st of August, the students of EYP–PYP 2 immersed themselves in a zestful and spirited assembly celebrating this cherished festival. They learnt that Raksha Bandhan celebrates the imperishable bond between a brother and sister, setting aside their wonted little fights for a day of joy. They participated in lively activities, including singing, dancing, listening to stories, and expressing love and protection towards each other and the AGS family.

Mahi Sheth & Tashi Jiwrajka of Grade IGCSE for attending the Offline Summer Internship Psychology conducted by Fortis Healthcare Limited.

Rakhi Making Activity

Creativity and celebration came together during a special Rakhi-making activity organised for the young learners of IB EYP. Students enjoyed working with colourful threads, decorations and other craft materials while designing their own Rakhis. The activity also provided an opportunity to understand the meaning of Raksha Bandhan and the bonds it represents. On 21 August 2026, the classroom was filled with enthusiasm as the learners explored their creativity and celebrated the spirit of love, care and togetherness.

Growing Together- EYP Parents Workshop

True learning takes place in collaboration between home and school. Our recent EYP Parent Workshop conducted on August 22, 2026, provided an opportunity for parents and teachers to come together and learn about the IB Early Years Programme and the role of the parents in the child's holistic development. Through discussions, parents were able to gain an understanding of the importance of EYP for the child's formative years. Together, parents and teachers examined how to best collaborate to nurture early learners across four foundational pillars: curiosity, confidence, communication, and cooperation. By actively participating in their children's learning journey, parents build meaningful partnerships with teachers, fostering learning through play, relationships, interactions, and community participation.

Guest speaker- Head of Schools for PYP 4

Our PYP 4 students embarked on the journey of decision-making under the guidance of our Head of Schools, Dr. Hima Doshi on 26th August 2026.

Throughout a series of engaging conversations and familiar situations, students contemplated about the choices they make, examined various scenarios from different perspectives, and understood how deliberate decisions lead to responsible actions.

It was an incredibly interesting session that motivated our kids to think before acting.

Guest Speaker - PYP 2 from Ingredients to Inspiration

As part of their inquiry into creative thinking, PYP 2 learners participated in an engaging online session with Mrs. Tanul Bhargava on 26th August 2026.

She inspired the students by demonstrating how everyday ingredients can be transformed into imaginative ideas. The interactive session ignited curiosity and encouraged students to think innovatively.

It was a joyful and meaningful learning experience that helped them see how creativity can be found in simple, everyday things, connecting classroom learning to real life.

Session on Careers in Commerce Stream

On 31st August, students from Grades 8 to 10 attended an insightful session exploring the diverse career pathways available in the Commerce stream. The session introduced them to a range of opportunities in fields such as finance, banking, accounting, business management, entrepreneurship, and economics. It broadened their perspectives, helping them recognise the potential of the Commerce stream beyond conventional career choices. By gaining a clearer understanding of the options available, students were encouraged to explore their interests, identify their strengths, and make informed decisions about their future academic and professional journeys.

Special Assembly on Gratitude

When was the last time we paused to appreciate the little things that make our days special? This thought lay at the heart of the Special Assembly on Gratitude, held for students from PYP 3 to IGCSE on August 31st, 2026. Through presentations, reflections, and meaningful messages, students were encouraged to recognise the people and moments they often take for granted. It was a gentle reminder that gratitude need not involve grand gestures; sometimes, appreciating what we already have is enough to make an ordinary day feel special.

Educational Monsoon Trip

On 1st September, learners from Grade 4 to IGCSE embarked on an exciting Educational Monsoon Trip, exploring the season's natural beauty. Guided by an expert, they observed local flora, discovered fascinating frogs and reptiles, and learnt about biodiversity. The adventure also included hiking, climbing, and jungle gym activities, blending environmental awareness with physical challenges and peer interaction. Through these enriching experiences, students developed curiosity, teamwork, and a deeper appreciation of nature, making science come alive beyond the classroom.

Career Counselling Session Accounting and Forensic Accounting

IGCSE students attended an interactive Career Counseling session in Accounting and Forensic Accounting on September 2, 2026. This session offered students a glimpse into a variety of career paths and opportunities in the field, as well as the necessary skills for succeeding in these fields. The session motivated the students to link their interests to their potential career paths and make informed choices accordingly.

Janmashtami Celebration

The joy of Janmashtami brightened the hearts of our learners from EYP to PYP 2 as they embraced the values of love, devotion, kindness, and compassion associated with Lord Krishna. Through a short play on 4th September 2026, the learners enthusiastically participated in the celebration, learning new lessons while dancing to cheerful performances accompanied by melodious songs. The mesmerising storytelling left the little learners awestruck and added to the joy and spirit of the celebration.

Special Assembly on Teacher's Day

A true Guru illuminates minds, nurtures character and inspires hearts to reach beyond their limits. Rooted in the Sanskrit syllables Gu, meaning darkness, and Ru, meaning its remover, the word Guru beautifully captures the essence of a teacher's role. On 4th September 2026, students from Grade 6 to IGCSE expressed their heartfelt gratitude by planning a delightful surprise for their teachers. Filled with laughter, warmth, and thoughtful gestures, the celebration honoured the educators who guide, inspire, and shape young minds every day.

Teachers' Day Celebration

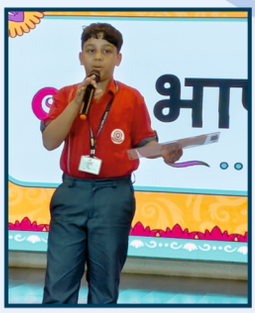

A joyful Teachers' Day celebration filled the air with smiles, laughter, gratitude, and cherished moments as our wonderful teachers joined our Head of School for a memorable day of togetherness. The celebration came alive with fun-filled games, lively activities, and moments of friendly camaraderie, giving everyone a delightful break from their daily routines. Amidst the laughter and playful challenges, the teachers celebrated the bonds they share, creating beautiful memories and reaffirming that the heart of every great school lies in its people.

Day 1 Literary Fest 'Expressions' 2026-2027 : Hindi Diwas

The school celebrated Hindi Diwas with an engaging assembly that brought students together to appreciate the richness of the Hindi language. The programme featured a variety of creative presentations, giving learners an opportunity to express themselves through language and literature. On 7 September 2026, the celebration also marked the beginning of the school's Literary Fest, encouraging students to explore the many ways in which words can inspire, connect and communicate ideas.

Skill Development Sewing Skills

On September 7th, our students participated in an activity involving buttoning and hook fastening, teaching them the very important and essential skill of sewing. From this activity, they learned that the acquisition of basic skills related to sewing provided them with essential skills that can be utilized in everyday life. Finally, the hands-on session successfully developed the fine motor skills, patience, focus, and independence of all students involved in it.

Leadership Forum on Cambridge Checkpoint

Dr Hima Doshi, Head of Schools, and Ms Nisha Bhatia, Secondary Principal and Cambridge Coordinator at AGS, attended the Leadership Forum on Cambridge Checkpoint at Dhirubhai Ambani International School on 8th September 2026. Led by Carolyn Tiller, Director of Qualification and Test Development Products and Services at Cambridge International, the forum provided practical insights into how Cambridge Checkpoint can help schools understand individual learner needs, strengthen teaching and learning, offer meaningful feedback, support confident learner progression, and use assessment data to drive informed school improvement.

Day 2 Literary Fest 'Expressions' 2026-2027 : Author's Workshop

On 8th September, stories came alive and young voices found inspiration at the Author's Workshop, hosted by Ajmera Global School as part of Literary Fest Expressions 2026-2027. Mrs. Rituja Sawant expertly guided students through the craft of writing, while Ms. Saania Saxena shared her inspiring journey from facing social anxiety to becoming a published author. Mr. Harshil Shah captivated the audience with insights into the publishing process, cultural roots, and the richness of our mother tongue. We extend heartfelt thanks to our distinguished guests and the School Chameleons team for making this enriching experience possible.

Day 3 Literary Fest 'Expressions' 2026-2027 : The Story Behind the Story -A Writer's Biography Competition

Every author has a story that goes far beyond the pages they write! On 9th September, at The Story Behind the Story, a Writer's Biography Competition for Grades 6–9 at Expressions 2026–27, students explored the lives and journey of celebrated authors. Through engaging PowerPoints, captivating videos, and expressive narration, they uncovered intriguing facts and lesser-known facets of literary personalities. The experience nurtured curiosity, celebrated diverse literary genres and deepened learners' appreciation for literature and language.

Panel Discussion on Role Models

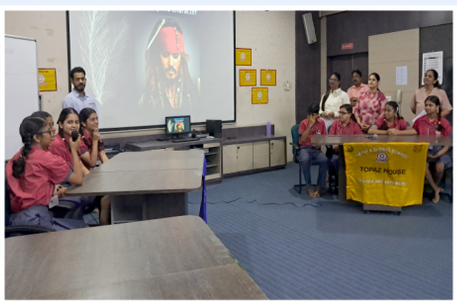

On 10th September, the AGS Student Council engaged with PYP 3 learners in an enriching panel discussion as part of their Unit of Inquiry on 'Role Models'. Through conversations and engaging questions, the young learners explored the qualities that define a role model, including kindness, gratitude, courage, and integrity. The discussion encouraged them to reflect on the people they admire and the values they can imbibe in their own lives. It was a meaningful exchange that inspired our young learners to lead by example and recognise the role models within their everyday lives.

Day 4 Literary Fest 'Expressions' 2026-2027 : The Language Quiz

Words can do more than help us communicate; they can challenge us, bring us together, and open up new ways of thinking. As part of Expressions 2026-27, the Language Quiz brought the four houses together for an exciting celebration of language on September 10th, 2026. Students from Grades 6 to 9 competed in the English, Hindi, French, and Marathi quiz, testing their vocabulary, grammar, literary knowledge, and quick thinking. With every round bringing a fresh challenge, the quiz celebrated teamwork, healthy competition, and the joy of learning together.

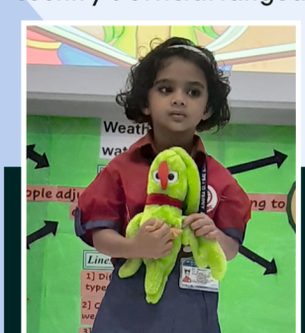

Aviation Career Guidance Session

Who wants to take their career aspirations to new heights and reach for the skies? On 10th September 2026, learners from Grade 8 to IGCSE explored the fascinating world of aviation through an insightful webinar. The session shed light on diverse career pathways, industry opportunities, essential skills, qualifications and the journey towards becoming an aviation professional. This enriching experience broadened horizons, ignited curiosity and inspired our learners to dream big and chart their flight path to success!

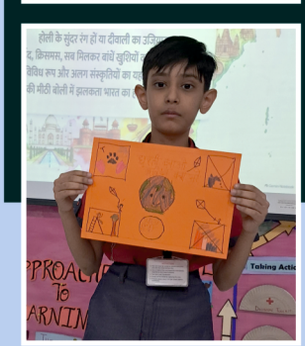

Hindi Diwas Celebrations | EYP to PYP 5

Our young learners from EYP to PYP 5 celebrated the beauty of Hindi through a delightful showcase of expression, creativity and confidence! From sharing their favourite festivals and presenting exciting Show and Tell activities to reciting Hindi rhymes, our little speakers brought the language to life with their cheerful voices and enthusiastic participation.

Through every word spoken and every rhyme recited, our little ones embraced the richness of Hindi, expressing their thoughts with growing confidence, heartfelt enthusiasm and pride in our country's official language.

Day 5 Literary Fest 'Expressions' 2026-202: Performing Arts

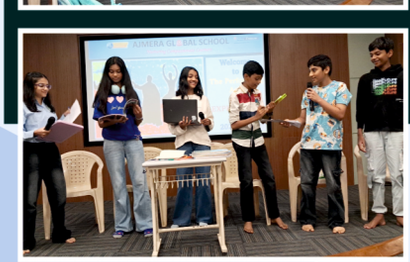

The final day of Expressions 2026–27 concluded on a spectacular high on 11th September, leaving the audience spellbound with unforgettable performances, infectious energy and an extraordinary display of talent! Students from Grades 6–9 took centre stage with captivating monologues, lively skits and hilarious stand-up acts. Their expressive storytelling, impressive voice modulation and commanding stage presence transformed every performance into a memorable celebration of creativity, confidence and theatrical brilliance!

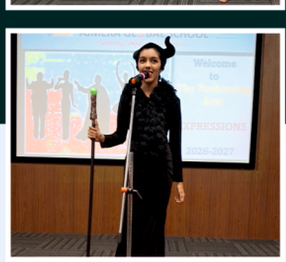

New Parents Orientation Admissions

Every great learning journey begins with a strong partnership! On 12th September, AGS opened its doors to its newest parent community, setting the stage for a rewarding journey of trust, growth and collaboration. The engaging orientation offered insights into the school's vision, curriculum, learning approaches, key policies and enriching opportunities. United by a shared purpose, we looked forward to nurturing confident, curious and lifelong learners together!

Skill Development: Sewing Skills

On 21st September 2026, our learners tried their hands at the practical art of sewing, learning to fasten buttons and attach hooks. This engaging hands-on experience strengthened their fine motor skills, patience, concentration and confidence. By mastering these everyday tasks, they discovered how simple sewing techniques can nurture independence and equip them with essential life skills.

Special Assembly on Compassion

Compassion took centre stage as our IGCSE learners presented a moving and insightful drama during the special assembly for PYP 3 to IGCSE on 21st September. Through compelling storytelling and heartfelt performances, they highlighted the significance of empathy, generosity, respect and extending a helping hand to those in need. Their thought-provoking presentation served as a gentle reminder that even the smallest acts of kindness can brighten lives and inspire meaningful change.

Career Counselling Session - Exploring Environmental & Sustainability Engineering

What if science and engineering could change the future of our planet? On 23rd September 2026, our science learners explored the exciting field of Environmental and Sustainability Engineering, discovering how innovation can tackle pressing environmental challenges. The insightful session encouraged critical thinking, responsible engineering and sustainable solutions, inspiring young minds to envision a cleaner, greener and more sustainable tomorrow!

Special Assembly on Gratitude Day

With hearts full of thankfulness and smiles that lit up the room, our little learners of K2 celebrated Gratitude Day through a heartwarming special assembly on 23rd September 2026. Expressing their appreciation for God's blessings, their loving parents, dedicated teachers and school, they beautifully reminded everyone that gratitude lies in recognising life's little blessings and that a thankful heart makes every day more meaningful and joyful.

The Game-Based Learning workshop

Learning takes on a whole new meaning when play becomes part of the process. On 26th September 2026, Ms Riddhi Pulekar and Ms Ritika Jain facilitated an engaging Game-Based Learning workshop for Early Years teachers from the IB and ICSE sections. Drawing on valuable insights gained through Dr Swati Popat Vats, the session allowed educators to experience hands-on games and reflect on their potential to make classroom learning more meaningful. The workshop highlighted how purposeful play can nurture curiosity, encourage active participation and transform everyday learning experiences into joyful opportunities for exploration and discovery.

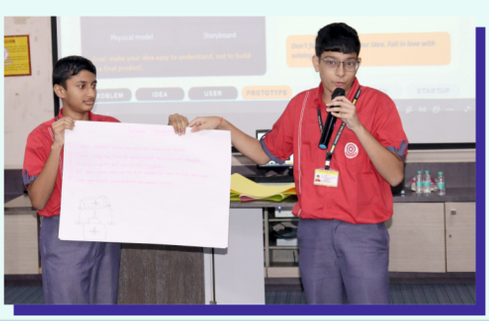

Session with a guest speaker from NMIMS

Opening doors to new possibilities, our learners from Grade 8 to IGCSE participated in an insightful session led by Ms Ami, a representative from NMIMS, on 28th September 2026. The interaction offered valuable perspectives on higher education, diverse career pathways and the opportunities available in an evolving professional landscape. Learners gained a broader understanding of the choices that lie ahead and the importance of aligning their interests and aspirations with future academic goals. The session encouraged them to explore new possibilities, make informed decisions and take confident steps towards shaping their future.

VEDA PATNE of Grade 8! achieving 2nd Stripe in Kung Fu from SHAOLIN MARTIAL ARTS ASSOCIATION OF INDIA.

Creative Play - Nursery

On 29th September 2026, our Nursery learners immersed themselves in an exciting Creative Play session, transforming everyday exploration into meaningful discoveries. Moving between activity corners, they experimented with materials, explored their senses and discovered how their actions could bring about different outcomes. Each hands-on experience nurtured curiosity, encouraged early problem-solving and strengthened their understanding of cause and effect. The session also created opportunities for sharing, collaboration and social interaction, reminding us that play is far more than fun-it is a powerful way for young learners to make sense of the world around them!

Cambridge Community Meet

The Cambridge Community Meet held on 30th September 2026 at Kapol Vidyanidhi International School, Mumbai, was attended by Ms Nisha Bhatia, Secondary Principal and Cambridge Coordinator, and Ms Edith Picardo, A Level Coordinator and English Head. The gathering provided a valuable platform for networking, exchanging experiences and exploring best practices. Discussions highlighted Cambridge initiatives, teaching resources and publications that promote innovative, learner-centred education. The insights gained offered fresh perspectives on enriching classroom experiences, fostering critical thinking and independent learning, and empowering Cambridge learners with the skills and confidence to thrive in an ever-evolving world.

Career Guidance session on Biotechnology

What if living organisms could help us develop life-saving medicines, improve crops and protect our planet? Our Science learners explored these exciting possibilities during an insightful career counselling session on Biotechnology held on 30th September 2026. The session introduced them to the fascinating applications of biotechnology across healthcare, agriculture, environmental conservation and scientific research. It also opened a window into emerging career pathways, helping learners understand how scientific knowledge can be translated into real-world solutions. By connecting classroom learning with the rapidly evolving world of biotechnology, the session encouraged our young scientists to explore their interests and envision futures driven by discovery and innovation.

Saisha and Tanishka of Grade 9! winning 2nd Runner up Trophy in Basketball from Junior Slam Academy.

Skill Development Programme - Let's Recap

On 5th October 2026, our learners took a delightful trip down memory lane, revisiting the practical skills they had acquired through the Skill Development Programme. From covering books neatly and carefully to mastering the art of gift wrapping and exploring the basics of sewing, each activity offered a meaningful opportunity to put learning into practice. These hands-on experiences nurtured creativity, patience, precision and self-reliance, encouraging learners to approach everyday tasks with greater confidence. The recap celebrated not only the skills they had acquired but also the independence and resourcefulness they continue to develop through consistent practice.

WSRO Nationals

On 1st October 2026, two proud AGSites represented Ajmera Global School at the World STEM and Robotics Olympiad (WSRO) Nationals in Goa. The prestigious platform offered our young innovators an opportunity to put their STEM knowledge into action, embrace challenges and demonstrate their problem-solving abilities. Through their participation, they showcased creativity, teamwork and a spirit of innovation, making the AGS community proud. Congratulations to our budding technologists for stepping forward with enthusiasm and determination. May their curiosity continue to fuel new discoveries and inspire bigger possibilities!

Book Cover Design Competition

Can a book be judged by its cover? Our young designers certainly gave us a reason to!

On 30th September, our PYP 1 to 5 learners unleashed their creativity in the Book Cover Design Competition, turning simple ideas into visually captivating masterpieces. They brought stories to life and demonstrated how creativity can spark curiosity even before a page is turned. This competition celebrated artistic expression, originality, and a love for reading.

Session on Introduction to International Universities

Our IGCSE learners gained valuable insights into global higher education at an enriching career counselling session held on 5th October 2026. The session introduced them to international universities, diverse study destinations, admission pathways and the opportunities available across various fields of study. It encouraged learners to explore their academic interests, understand university expectations and begin planning their future with greater clarity. By broadening their perspectives and guiding them towards informed choices, the session marked an important step in helping our learners turn their global aspirations into achievable goals.

Pajama Playtime

P is for penguins and puppies so sweet,
P is for parties with dancing feet,
With pictures to colour and stories to tell,
Our Nursery learners learnt P so well!

On 6th October 2026, our Nursery learners discovered the letter P through a delightful blend of playful activities. Picture prompts introduced them to familiar words, while a soothing bedtime story transported them into a world of imagination. The excitement continued with cheerful pajama-time dancing and a creative colouring activity that brought their ideas to life. Through this joyful, multisensory experience, our little learners strengthened their letter recognition while exploring language, movement and creativity in the most memorable way!

Career Guidance Session on FinTech

Our IGCSE learners stepped into the dynamic world of Financial Technology (FinTech) on 7th October 2026, exploring how innovation is reshaping the financial landscape. The insightful career guidance session introduced them to emerging industry trends, evolving career pathways and exciting professional opportunities at the intersection of finance and technology. By broadening their horizons and encouraging informed exploration, the session empowered learners to look beyond conventional career choices and envision a future shaped by innovation, knowledge and ambition.

Our learners participated in the "SHOTOKAN KARATE CHAMPIONSHIP 2026" and secured the following achievements:

1. **Nikit Gandhi - Bronze Medal (Kata)**
2. **Anaya Purohit - Bronze Medal (Kata)**
3. **Avya Wandre - Bronze Medal (Kata)**
4. **Smahi Jain - Silver Medal (Kata)**
5. **Tanaaya Savla - Bronze Medal (Kata)**
6. **Neelabh Jha - Silver & Bronze Medal (Kata & Kumite)**
7. **Yohan Joshi - Gold Medal (Kata)**

Ayaksha Health Check-up Camp

"Prevention is better than cure, and early detection paves the way for a healthier tomorrow."
A healthy learner is a confident learner! On 9th October 2026, Ajmera Global School organised the Ayaksha Health Check-up Camp for students from Nursery to IGCSE, highlighting the importance of preventive healthcare and early diagnosis. The initiative encouraged timely attention to potential health concerns, reinforcing the value of regular health check-ups in supporting children's well-being. By prioritising health alongside education, AGS remains committed to fostering healthy habits and nurturing an environment where every learner can grow, learn and flourish with confidence.

STEAM FAIR

Curiosity was ignited, ideas soared, and our little innovators stole the show at the exciting STEAM Fair! Ajmera Global School transformed learning into an adventure on 10th October 2026, welcoming children from neighbouring playschools and their parents to an interactive event. Our enthusiastic PYP 1 and PYP 2 learners took centre stage as budding scientists and creative thinkers, demonstrating projects, explaining fascinating concepts and sharing their discoveries with infectious excitement. Their confident presentations showcased how questioning, experimenting and imagining can turn little ideas into extraordinary learning moments!

MISA Felicitation of IGCSE Toppers

On 10th October, the IGCSE toppers of the March 2026 examinations were felicitated by MISA (Members of the International Schools Association), recognising their outstanding academic achievements and dedication. This prestigious recognition reflects their perseverance, commitment and pursuit of excellence. We are immensely proud of our achievers, whose success inspires their peers and brings great pride to the AGS community. May they continue to shine and reach greater heights!

Special Assembly on Respect

Respect begins with the little things-a kind word, a listening ear and a heart that embraces differences. On 12th October 2026, our PYP 4 learners brought this timeless value to life through a thoughtful special assembly, exploring the importance of honouring ourselves, valuing others and caring for our surroundings. Their insightful presentations highlighted how empathy, acceptance and consideration can strengthen relationships and nurture a harmonious, inclusive community where everyone feels valued.

1st Xpression Interschool Competition Winners

Ajmera Global School proudly hosted the 1st Xpression Interschool Online Competition – "Salam Kalam: Igniting Minds", dedicated to the visionary Dr A.P.J. Abdul Kalam (Virtual Edition 2026). Our accomplished young participants distinguished themselves across diverse events, showcasing remarkable talent, originality and confidence. Their achievements stand as a testament to their dedication and potential, filling us with immense pride as they continue to dream boldly, think creatively and reach for greater heights!

Navratri Special Assembly and Garba Celebration

Navratri, the auspicious festival of nine nights, honours the divine feminine and celebrates the triumph of good over evil through devotion, dance and vibrant traditions.

Our youngest learners from Nursery to PYP 2 immersed themselves in the festive magic of Navratri during a spirited special assembly on 16th October 2026. Adorned in colourful traditional attire, they swayed to lively Garba rhythms and embraced the joy of India's rich cultural heritage. Their infectious enthusiasm filled the occasion with warmth, togetherness and festive splendour.

Session on Humanities & Liberal Arts

On 19th October 2026, learners from Grade 8 to IGCSE ventured into the fascinating world of Humanities and Liberal Arts, discovering how diverse disciplines illuminate human experiences, cultures and societies. The insightful session encouraged critical thinking, creative exploration and open-minded inquiry, helping learners recognise the breadth of academic and career pathways available to them. By broadening horizons and challenging perspectives, it inspired our young minds to imagine futures shaped by curiosity, understanding and purposeful choices.

Field trip to a Durga Puja Pandal

Our PYP 1 learners embarked on a cultural exploration of a Durga Puja Pandal on 19th October 2026 as part of their Unit of Inquiry. Through observing rituals, discovering customs and learning about the festival's significance, they gained a deeper appreciation of India's rich cultural heritage. This immersive experience nurtured curiosity, celebrated diversity and brought classroom learning to life through meaningful real-world connections.

Prop It Up Competition

Pick up a prop, let imagination fly,
Reach for the stage and aim for the sky!
With confidence, creativity and plenty of cheer,
Our budding performers stole the show here!

Our PYP 3 to 5 learners brought imagination to centre stage on 19th October 2026 through the exciting Prop It Up Competition. Using props with ingenuity and flair, they transformed their ideas into engaging performances, showcasing creativity, expressive communication and growing confidence. The experience encouraged them to think on their feet, captivate their audience and discover new ways to bring stories and ideas to life.

Drop a Habit, Gain a Power

Every small change plants the seed for a stronger self! Learners from PYP 1 to IGCSE participated in a meaningful self-reflection activity on 19th October 2026 that encouraged them to recognise habits they wished to leave behind and embrace positive change. By writing down a habit they hoped to overcome, they took the first step towards greater self-awareness and personal growth. After all, less negativity, more positivity; fewer excuses, greater progress! Every habit we break opens the door to a better version of ourselves.

Field Trip to Gorai Creek

Nature became an open classroom as our PYP 2 learners ventured to Gorai Creek on 21st October 2026. Through firsthand observations and real-world exploration, they discovered the delicate relationship between human activities and the environment. The experience nurtured curiosity, strengthened environmental awareness and deepened their appreciation of the natural world, encouraging our young explorers to embrace sustainable practices and become responsible guardians of our planet.

AGS Tech Squad – Building Responsible Digital Communities
AGS Tech Squad continues to promote digital awareness, responsible technology use and learner-led initiatives across the school community.

BUILDING RESPONSIBLE TECH HEROES

As part of its activities, Tech Squad members Tanishka Gupta, Arham Shah and Vivan Shah conducted an engaging session for IB PYP 1 learners on "Using Technology Responsibly." Connecting with the learners' inquiry into responsible participation in communities, the session helped them recognise online scams, protect personal information, manage screen time and practise kindness online. This meaningful transdisciplinary connection strengthened their understanding of responsible behaviour in both physical and virtual communities.

We, the AGS Tech Squad, sincerely thank Pushpa Ma'am for her continued support, guidance and encouragement in making this session a success.

DIGITAL HABITS SURVEY – EXPANDING OUR REACH

Another significant initiative was the Digital Habits Survey, conducted across schools under the Vijay Nagar Trust, involving learners from Grades 3 to 10 in the ICSE school and from PYP 3 to A Level in the International school. As part of this initiative, learners from the International Board were guided on the purpose and importance of the survey in promoting responsible technology use. AGS Tech Squad members also met with ICSE school leaders and learners to introduce the initiative and encourage participation. The collected responses will provide valuable insights into learners' technology usage, digital habits and online safety awareness. We extend our sincere gratitude to our Head of Schools, Dr. Hima Doshi, whose vision, encouragement and support enabled AGS Tech Squad to extend this initiative to the ICSE school community.

AGS TECH SQUAD IN ACTION – FROM SURVEY INSIGHTS TO INITIATIVES

After reviewing the responses collected through the Digital Habits Survey, AGS Tech Squad members identified key areas requiring greater digital awareness and responsible technology practices. Building on these insights, the team has taken the initiative to develop interactive presentations, learner-led awareness sessions and practical digital safety guidelines focusing on digital citizenship, cybersecurity, emerging technologies and responsible technology use. These initiatives will gradually be introduced across the school community to address identified needs, encourage informed decision-making and empower learners to adopt safer, smarter and more responsible digital practices.

A Sneak Peek at What's Ahead!

A glimpse of the exciting learner-led sessions, interactive activities and digital awareness initiatives being developed by AGS Tech Squad, inspired by insights from the Digital Habits Survey. Through these collaborative efforts, AGS Tech Squad continues to bring its vision of "DESIGN • CREATE • LEAD • IMPACT" to life, empowering learners to take initiative, share knowledge and make a positive impact across the wider school community.

Field trip to the Chhatrapati Shivaji Maharaj Vastu Sangrahalaya!

What better way to bring history to life than to explore it firsthand? Our PYP 3 and PYP 4 learners embarked on an exciting educational excursion to the Chhatrapati Shivaji Maharaj Vastu Sangrahalaya on 24th October 2026. As they discovered fascinating artefacts, explored ancient civilisations and uncovered stories of the past, curiosity flourished and classroom learning came alive, making history an engaging and unforgettable adventure!

Congratulations to

RIAAN KHIRA (PYP 2) -
2nd position (Certificate & Trophy) in Interschool Rapid Chess Tournament Category U/10.

SMAHI JAIN (PYP 2) -
1st position (Gold Medal & Trophy) in District Roller Skating Championship 2026.

YUVRAJ TANNA (PYP 2) -
3rd position (Bronze Medal & Trophy) in District Roller Skating Championship 2026.

Session on Career Choices

How early should one begin planning for the future? On 26th October 2026, our Grade 8 learners participated in an insightful career guidance session that encouraged them to explore their interests, recognise their strengths and reflect on their aspirations. The session highlighted the factors impacting career decisions. It highlighted the importance of making informed career choices early, empowering students to discover diverse possibilities, identify suitable pathways and take confident steps towards shaping a fulfilling future.

Friendship

My best friend is happy and glad,
But when we quarrel, we are mad.
I like her because she is sweet,
And we are joyful when we meet.

We play all day,
We play all night.
Together, we are very bright.

When we make one big team,
We always win and scream.

I hope our bond will never break,
Our friendship will never be fake.

Together, we are strong and bold,
Our friendship will always be told.

Raahi Bhayani - PYP4

Project Hail Mary: Film Review

When I heard Project Hail Mary was a science film about saving the Sun, I thought it would be too complicated for me. I was wrong. It ended up being one of my favourite films this year.

Based on Andy Weir's novel, the film follows Ryland Grace, a science teacher who wakes up alone on a spaceship with no memory of how he got there. As his memories return, he realises he was sent to stop astrophage, a strange organism draining the Sun's energy and threatening life on Earth. Ryan Gosling plays Grace brilliantly. He is funny, nervous and clever all at once, which makes him feel like a real person.

What I liked most was Grace's friendship with Rocky, an alien he meets in space. Since they cannot speak the same language, they have to create their own way of communicating, and watching this happen was both clever and surprisingly touching.

The visuals deserve a mention too. The space scenes looked realistic, and the soundtrack made the tense moments feel even more intense.

On the other hand, the film is quite long, and some of the scientific explanations were hard to follow. A few scenes also moved slowly, which might bore people who prefer action.

Overall, I would give Project Hail Mary an 8/10. It is clever, emotional and easy to connect with, so I would recommend it even to people who do not usually enjoy science fiction.

The Swans of Peace

On a quiet lake so blue,
White swans glided softly through.
Their wings were calm, bright and white,
Filling the world with gentle light.

The wind was still, the sky was clear,
Not a single sign of fear.
It felt as if the earth could sing,
As peace spread over everything.

Then Zeus looked down from high above,
Not with thunder, but with love.
He smiled to see the swans so free,
Living in peace and harmony.

The swans reminded everyone,
That kindness shines brighter than the sun.
If we choose peace every day,
Hope will never fade away.

- Parishi Jaiswal (Gr. 8)

The US Move against Infosys and Wipro: A New Era for India

The US move against Infosys and Wipro reflects the threat faced by India's IT industry because of the immigration policies abroad. As Indian technology firms are highly dependent on the foreign markets, restrictive actions will impact the flow of talent, raise costs and cause uncertainties for workers and investors.

For India, the consequences go beyond Infosys and Wipro. The IT industry impacts exports, jobs, and foreign exchange. Prolonged restriction will have an adverse effect on development and prospects for Indian experts. But it is a chance for India to develop its own technological landscape and decrease extreme dependence on the foreign market.

Indian youth have to become creators rather than job-seekers. Acquiring knowledge in artificial intelligence, cybersecurity, and cloud computing, launching their startups, conducting researches can contribute to innovation and employment.

It is necessary to work on the development of skills, research, and technological innovations. Eventually, India needs to pursue both cooperation with other countries and independence of its digital economy.

Red Cards & Red Faces

The FIFA World Cup, also known as *'The World's Game,'* is undoubtedly one of the most prestigious sporting events in the world. The competition takes place every four years, and during those one and a half months, the whole world puts everything aside and becomes football fans. There were many ups and downs in this World Cup, which included the President calling the head of FIFA and a fight during the most important match in the greatest stadium.

Folarin Balogun, a striker for the United States, received a red card in a match against Bosnia and Herzegovina after stepping on an opposing player's leg—a foul that the referee had missed and that VAR upgraded into a red card, meaning a mandatory one-match ban. But before the United States' next game against Belgium, President Donald Trump called FIFA President Gianni Infantino and demanded that the ban be reconsidered, a request that was granted. The Belgian team, however, was outraged by this decision, considering it unfair. Nonetheless, Balogun did play in the game, but the result was the same: a 4–1 loss for the US.

But the game had its own story too. Argentina was playing against Spain, and it went all the way into extra time with the score level throughout. The Argentinian midfielder, Enzo Fernández, was shown a red card for fouling the 19-year-old Spanish defender, Pau Cubarsí, in the 93rd minute of the match. Finally, Spain managed to break the deadlock in the 106th minute when Pedro Porro delivered an assist for Ferran Torres, winning the game 1–0.

But that wasn't even the end of the madness. A post-match altercation resulted in Argentina's player Leandro Paredes getting a red card for grabbing the throat of Spain's player Eric García, as Argentina's players turned their backs on the Spanish medal ceremony.

Football should be impartial. But in this World Cup, one of the teams had a player's suspension overturned, while the other had its match end with red cards and mayhem. Is that fair? That's for you to decide!
